- ✓ **Flexible keyword tracking** for prompt HR intervention
- ✓ **Proactive alerts** for internal complaints and risky communication
- ✓ **Customizable reports** on work-from-home behavior and productivity
- ✓ **Employee Focus Reports** that safeguard records and streamline offboarding

And much, much more

Why Org IQ?

So glad you asked. For the past three years, Org IQ has:

Securely archived 50 million emails

Supported HR teams across sectors as compliance-heavy as finance, as sensitive as law, and as fast-paced as tech

Given HR departments unmatched visibility into employee communication and risk

Achieved 94% client retention by making comms oversight simple, secure, and insightful

But don't just take our word for it

"Our 'HR department' is really just a lean team wearing many different (hard) hats. Org IQ gave us tools we didn't even know we needed, and made them simple enough to use without tech support. It's become a no-brainer part of how we manage the team and protect the business."
