

Email-Driven Precision for Every Regulatory Touchpoint

Email is central to your claims, policies, and client communications.

Org IQ turns it into a strategic asset for speed, insight, and compliance confidence.

Spot Risks, Resolve Claims, and Offer Smarter Client Protection—Faster

Org IQ brings all your insurance-critical emails to one secure, intuitive dashboard, including:

- ✓ **Predictive sentiment analysis** to detect dissatisfaction, escalation risk, or fraud before it impacts resolution
- ✓ **Heatmaps and activity graphs** to pinpoint bottlenecks and service gaps in claims handling
- ✓ **PII detection and retention controls** that meet HIPAA, SEC, FINRA, and internal policy standards
- ✓ **Scoped, revocable guest access** for legal teams, reinsurers, or third-party processors without exposing your entire archive
- ✓ **Smart, exhaustive search** to retrieve policy changes, disputes, and full claim histories in seconds

And much, much more

Why Org IQ?

For the past three years, Org IQ has:

Archived over 50 million emails for regulated industries including insurance, finance, and healthcare

Helped firms reduce claim review and audit time by ~35% with analytics-driven workflows

Enabled teams to spot resolution slowdowns and escalation trends before they became disputes

Achieved 94% client retention by delivering unmatched security and actionable insight into sensitive communications

But don't just take our word for it

"With Org IQ, we're able to trace transactions, instantly research hard-to-find data, and generally respond to client inquiries in a much more timely manner, which makes grant cycles smoother and helps us serve schools with ease and confidence."
